

Mother Nature & Me

Enrichment Program for Pre-K-8 Homeschool Groups

"The weekly classes have been incredible for my 2nd grader... The teachers are incredible and their passion for science and nature continues to inspire the children each week. The workshops are engaging, hands-on and most importantly, fun. It is a highlight of our week!"

—Homeschool Parent

Group Sessions by Appointment

Clarkson's Beacon Institute
Water Ecology Center at Denning's Point
199 Denning's Avenue, Beacon, NY

**Cost: \$10 per student, per session
or \$35 per student for 5 sessions.
10 people maximum per session**

Safety Protocols:

For the safety of our visitors, staff and volunteers, and in compliance with state and federal guidance, social distancing practices must be followed. Indoor and outdoor activity groups are limited to 10 participants. Masks must be worn throughout in-person programs, and on the trails and premises whenever a 6-foot distance cannot be maintained between individuals or households.

**Group nature explorations
to support learning, literacy
and curiosity.**

Who: This program is for groups of homeschool students in Pre-K through 8th grade. At least one adult chaperone must accompany the group.

What: Students will participate in exploring Denning's Point State Park. Each lesson will begin with an engaging story followed by an outdoor nature and sensory play.
